

New York Stock Market

New York, June 14.—The first three hours of the day in stock market dealings were very light and quite inconsequential, varying from irregularity to heaviness. Later the list became weak and feverish, with marked increase of business. There followed a certain amount of liquidation, with a liberal sprinkling of short selling. The movement was arrested after leading stocks had recorded declines of two to three points from yesterday's closing, but the undertones remained unsettled to the close. The general attitude of trading public toward the market was one of indecision or detachment or indifference, and the day's dealings probably represented little more than the operations of an ultra professional coterie.

Call money was in better demand today, the money going up the rates up to 3 per cent just before the close. Lenders continue to make concessions for time accommodations with a slackened offering of commercial paper.

The bond market was heavy, with bond dealers some of the large issues. Total sales, par value, aggregated \$1,151,000. United States Government bonds unchanged on call.

New York, June 14.—Money on call steady, 2 1/4 per cent, ruling rate, 2 1/2 per cent; cash, easy, 3 1/4 per cent; six months, 2 1/2-3 1/4 per cent; lifetime mercantile paper, 3 1/4 to 4 per cent. Sterling exchange firm, \$18375 for sixty-day bill, \$1825 for demand. Commercial bills at \$181.
